Somalia's history of conflict reveals an intriguing paradox--namely, many of the factors that drive armed conflict have also played a role in managing, ending, or preventing war. For instance, clannism and clan cleavages are a source of conflict--used to divide Somalis, fuel endemic clashes over resources and power, used to mobilize militia, and make broad-based reconciliation very difficult to achieve.

Conflict in Somalia : Drivers and Dynamics

Somalia's history of conflict reveals an intriguing paradox--namely, many of the factors that drive armed conflict have also played a role in managing, ending, or preventing war. Conflict In Somalia Drivers And Dynamics

Abstract Somalia is a country locked in a complex conflict which has dragged on for almost three decades, displacing millions and leaving hundreds of thousands dead. The causes of the conflict are numerous and interrelated. This makes resolving the conflict that much more complicated. The situation is made worse by policies aimed at addressing the conflict which are often unclear ...

Issa (clan) - Wikipedia

War and Peace in Somalia explores the legacies of past violence, especially impunity, illegitimacy and exclusion, and the need for national reconciliation. Drawing on decades of experience and months of field research, the contributors throw light on diverse forms of local conflict, its interrelated causes, and what can be done about it.
