9780816027583: The Encyclopedia of Plague and Pestilence ...

A plague doctor was a physician who treated victims of the bubonic plague. In times of epidemics, these physicians were specifically hired by towns where the plague had taken hold.Since the city was paying them a salary, they treated everyone, wealthy or poor. However, some plague doctors were known to charge patients and their families additional fees for special treatments or false cures.

Plague doctor - Wikipedia
